

# holiday **FOOD** drive

## ▶ **HUNGER IN MINNESOTA**

One in seven Minnesota families struggle with hunger each year. In parts of St. Paul, the numbers are even higher. Over half of the people served by Food Markets are children.

## ▶ **YOUR IMPACT**

With the bulk purchasing power of our free Food Markets, every gift goes further, helping us feed 1,500 families each month. **Your donation of \$36 can feed a family of four for an entire week!**

## ▶ **The FRANCIS BASKET FOOD MARKET located in Highland Park**

- The only food shelf in Highland Park, Francis Basket is a critical resource for many families.
- Nearly one in ten Highland residents live at or below the poverty level.
- Food Market participants are primarily refugee and new immigrants.

## ▶ **The WELLSTONE CENTER FOOD MARKET**

- Located in Neighborhood House's main campus on the West Side of Saint Paul.
- One of the largest and most multicultural food shelves in the area.
- One-half of those served are children.
